Each Day Continuous Electric Service is Be-
coming More and More an Absolute Necessity.

You will aid us in maintaining as near as pos-
sible an uninterrupted service to you by the
prompt use of your telephone in case of trouble.
For your convenience we have listed in this
directory, under our Company name, our ser-
vicemen and line foreman, who may be called
after office hours.

INSTRUCTIONS FOR PARKDALE AND ODELL EXCHANGES

Listen on the line before ringing and hang up receiver at once if the line is busy.

Use your telephone whenever necessary but avoid all unnecessary use and be brief. It is often inconvenient and annoying to wait for the use of the line while others are talking on matters of no importance.

To call a subscriber on the same line with your telephone, use the following code:

The last figure or letter and figure, of a number, indicate the number and character of the ring as follows:

- 1 One Short Ring.
- 2 Two Short Rings.
- 3 Three Short Rings.
- 4 Four Short Rings.
- 5 Five Short Rings (Also used for One Long Ring.)
- 6 One Long and One Short Ring.
- 7 One Long and Two Short Rings.
- 8 One Long and Three Short Rings.
- 9 One Long and Four Short Rings.
- XTwo Long Rings.
- X1 Two Long and One Short Ring.
- X2 Two Long and Two Short Rings.
- X3 Two Long and Three Short Rings.
- X5 Three Long Rings.

The first part of the Telephone number designates the line number and the last indicates the number and character of the ring. For example:

72X2 is two long and two short rings on line 72; 453 is three short rings on 45; 63 is three short rings on line 6.

There is a toll charge between Odell or Parkdale and Hood River as follows:

First 5 minutes or fraction thereof \$.05

Each additional 5 minutes or fraction \$.05
